DISPERSAL SALE

R M Sisson, Haughton, Staffordshire.

FOREWORD

In 1977, I first registered my BOYAH Prefix with the society, this was on my parents' home farm. The first of which, was a Rose out of Bradnob Rose 33, other noted families that I have purchased over the years have included: Tinkerbell (Hawksmoor), Burbois (Ecclesbourne) and Burke (Bowlandview).

In 1991, I was granted a tenancy on a 56 acres dairy farm at Whitgreave, this was our home until 2008, at which point, I was granted a 10 year FBT on this current farm at Haughton. The tenancy comes to an end in March and I will be retiring from farming at that stage, hence the decision to disperse the herd today.

The herd is a small pedigree herd, of which I am extremely proud of, the current herd average is around 8500 litres, and the cattle graze for as long as possible to make it a simple low cost system. Cows are classified and we have many VG and EX cows in the herd, in order to gain this high type herd we have extensively used Genus breeding, to maintain good, Udders, legs and feet and having a cow with good strength and capacity, without been too extreme. The auctioneers, Gwilym and Jason, have both passed me some very pleasing comments on the herd and I hope that the cattle meet your expectations on the day and that you will be pleased with your purchases.

Lastly, I would like to thank my family for their help and support over the years.

Michael Sisson
