#### **£2,100 Top At October Mid-Month**

The 210 head entry at the October mid-month dairy sale sold to £2,000 with the trade easier on the previous month because of the wet weather and the fallout from the collapse of Tomlinson's Dairies locally.

Recipient of the top price of £2,100 was Mr John Griffiths of Sutton Coldfield for a calved heifer. The top quarter of calved heifers averaged £1,844.

Cows sold to £1,950 for a second calver from Mr David Herdman of St Neots.

In-calf heifers sold to £1,470 and £1,350 from J.J. & J.D. Hughes, Crewe.

Bulling heifers sold to £980 from Mr Mark Stephens of Westbury-On-Severn.

Heifer calves sold to £360 for a Deangate Quentin sired calf.
