What we lacked in quantity we made up with quality, the best show of cattle for some while. Bulling heifers were a credit to today's vendors with Holstein Friesian, British Friesian and Crossbreds all standing out to the packed ringside of buyers.

Messrs W. Shone & Son, Shocklach consigned ten very grown heifers and these topped the section with a Prehen Ringrose 15 month old heifer, others sired by Rubicon Jones to £1,020.

British Friesians saw a good lift in value, all going to new dairy farms again 15 months old these sold to £880 twice from JS & HJ Gleave, Audlem.

Cross bred heifers again saw a lift in trade, selling to £770 on three occasions.

Once again the younger element of the sale was the highlight. Messrs Friend Farms, Oakley consigned twenty-five 5 to 6 month old calves, these sold to £700 on three occasions and were all sired by Denovo Honeyhill.

Averages:

Holstein Friesian Bulls £951

British Friesian Bulls £853

Cross Bred Bulls £707

5 to 6 Month Calves £535
