

## **CAEREMLYN IN-CALF HEIFERS TO 3,100GNS**

The top quality pedigree stock on offer at the monthly dairy sale at Sedgemoor Auction Centre generated keen bidding from producers and breeders drawn from across the South of England and Wales.

The sale featured a consignment of 87 calved and in-calf heifers from the well-bred and respected 'Caeremlyn' herd of Mary and Tegwyn Davies of Carmarthenshire.

Their top price was 3,100gns for the in-calf heifer 'Caeremlyn Shottle Mitzie', proving that even past his death Shottle's influence is still keenly sought. She was bred from 10 generations of VG and EX and traced through the 'Leachfield' herd.

Breeding was carefully followed as demonstrated by the other in-calf heifers 'Caeremlyn Alexander Rolls 2<sup>nd</sup>' achieving 2,650gns and 'Caeremlyn Toy Tracy' and 'Caeremlyn Million Tracy' making 2,300gns and 2,200gns respectively.

Reaching 2,500gns was the freshly calved 'Caeremlyn Million Rhapsody' bred from 10 generations of straight Excellent and calved just a week.

### **Caeremlyn Sale**

Freshly calved heifers	£1,633.00
In-calf heifers	£1,531.00
