A slightly smaller entry this month but an entry packed with quality from start to finish. Once again, a good attendance of buyers. Many leaving home empty handed due to the fast trade. The talk of the trade dropping has not materialised, but we must remember these prices being achieved when the milk price was 28p, so in reality they still represent good value for money.

Returning vendors R. & J. Merrett, Slimbridge again topped the in calf heifer section with their Pedigree Supershot daughter selling at £1,920.

Messrs Greenwood Partners, Westbury sold thirty-six heifers to £1,900 on three occasions for their Pedigree sired heifers by Altatiki and Bomaz Fynn.

Bulling and just served heifers for £1,260 and £1,220 from regular vendors Wynford Wagyu, Newport. Others to £980 from PB, BJ & TG Pemberton, Darliston.

Only five calves forward today selling to £380 again from PB, BJ & TG Pemberton, Darliston.

Averages:

43 Served/In calf Heifers £1,589

17 Bulling Heifers £889

5 Calves £326
