**BRISCOE DAIRY HERD SALE TOPS AT £2,900**

Roger Briscoe and his family of Huxley, Chester moved their commercial milking herd to Market Drayton Market for convenience to be dispersed.

The top price was £2,900 for a freshly calved second calver giving 38kgs daily which had recorded 7,992kgs as a heifer.

Third calvers which had been calved two months sold for £2,650 and £2,500 and a June calved second calver made £2,600.

All the milkers averaged £1,511, a very good average considering the large number of older cows and many with various faults.

Averages:

99 milking cows £1,511 (inc. faults)
